Baker's Dozen is a website whose purpose is to help home cooks discover the wonderful world of baking, the harmony between ingredients that make the beloved treats we all enjoy. This website is targeted to people who are new to baking and would like to discover recipes that will work 100% of the time. It is also tailored for people who have a hectic lifestyle and may not have the time to go shopping for the ingredients and research which ingredients work best. That is why we offer a subscription service that brings all the right ingredients straight to your door.

Baker's Dozen is a food subscription service which specialises in baking. Our service allows home cooks to have the freshest ingredients and the exact measurements to bake the most delicious treats. The beauty of this is that our clients don't have to waste their precious time going to the store and researching which brand works best and why, everything just shows up at their doorstep. Alongside these baking kits, one can also subscribe for a weekly/monthly subscription that will send a baking mystery box to their house. A deal that is perfect for avid bakers who want to improve their baking skill.
